

June 12, 2020

Dear Parents:

Over the summer we will offer a Summer of Innovation Camp. This camp will offer activities in Earth and Space Science, Engineering, Aeronautics, Energy and Power, Robotics, and Rocketry. The program is open to children in grades 3-11. The camp will be held on the SVRCS Campus and will take place Monday, August 10th through Friday, August 14th from 9-3:00 daily. The students will be divided into two groups based on age. The first group will consist of students in grades 3-6 and the second group will consist of students in grades 7-11. The camp is free to attend and will be open on a first come, first serve basis. Due to the current status of reopening, we have placed a limit of 100 students.

If you are interested in enrolling your child(ren) in the Summer of Innovation Camp, please fill out the Google Form on the Sugar Valley Rural Charter School's website by Wednesday, June 27, 2020. If you have any questions, please feel free to contact Donna Sorgen dsorgen@svrcs.org or Jodie Walizer jlwalizer@svrcs.org.

Thank you,

Summer of Innovation Team
